Acute Care for Medical Students

This one-day course aimed to provide medical students with hands-on experience of dealing with a variety of acute care scenarios.

The course, which was undertaken in partnership with Cardiff University Medical School and endorsed by Doctors Academy, was led by Acute Care and Surgical trainees who have an interest in medical education. The students worked in small groups and were given the opportunity to discuss key exam topics, to familiarize themselves with a host of equipment, and to practice a number of simulation scenarios.

Course Information

Course date:	21st May 2016
Venue:	Cochrane Skills Simulation Centre University Hospital of Wales
Attendance:	64 Delegates
Aimed at:	Orthopaedic surgeons Radiologists, Sonographers Paediatricians
Course fee:	Free for Cardiff University Medical Students

Course Programme

0900 - 0920	Welcome
0925 - 0945	Initial Assessment
0945 - 1030	Sepsis
1035 - 1120	Major Haemorrhage

1120 - 1135 **Coffee Break**

1135 - 1220	Head Injury
1225 - 1310	SimMan Scenarios

1310 - 1340 **Lunch Break**

1340 - 1425	Major Trauma
1430 - 1515	Airway Emergencies

1515 - 1530 **Coffee Break**

1530 - 1615	Respiratory Emergencies
1620 - 1705	Acute Abdomen
1710 - 1730	Round up Main Room

Do you think that this course was worth your time?

Individual Comments

Very good course, well organised.

JS
Cardiff University

Well organised with well-pitched teaching.

NW
Cardiff University

Really glad I went. Although it felt like a very long day, it was well worth my time. Really enjoyed all the practical aspects and getting involved. Boosted my confidence in dealing with emergency situations.

LH
Cardiff University

Brilliant course. Very useful and I loved that it was hands-on and interactive.

OC
Cardiff University

The presentation/teaching was very well laid out. All information was very relevant and tutors were engaging and encouraging.

SM
Cardiff University

I really liked everything about the day.

BV
Cardiff University

Very well organised course and relevant information provided. Provides a good level of knowledge to help with progressing to become a doctor.

AB
Cardiff University

Very good course and faculty. High quality and relevant presentations. The topics covered were appropriate for exam preparation.

SJ
Cardiff University

Extremely well organised course with fantastic presentations - thank you!

EG
Cardiff University

Individual Comments

Very useful. Nice layout of the day so it wasn't too intense and kept your attention. I feel much more confident in acute care.

MB
Cardiff University

Brilliant course! The course was of significant relevance to acute OSCE stations.

DR
Cardiff University

Excellent teaching. Succinct sessions which were all extremely helpful for my future career and to enhance my skills. Thanks very much!

CR
Cardiff University

The day was extremely well organised and kept to schedule throughout. Teaching was all pitched at just the right level, with good presentations to back up the teaching. All content was very relevant and will no doubt help in future exams. I thoroughly enjoyed the day.

MD
Cardiff University

Great refresher for acute medicine after being on a year of specialities.

RS
Cardiff University

All excellent/very good.

OE
Cardiff University

'On point'.

HA
Cardiff University

Very well organised. All presentations were extremely informative & individuals giving the presentations were interactive and fun.

SA
Cardiff University

Great teaching sessions with relevant content. Hands on simulation and the chance to deal with acute emergencies in groups was both unique and extremely beneficial.

GH
Cardiff University

Individual Comments

Engaging, relevant teaching that covered both wider medicine and elements of more specific career paths.

OG
Cardiff University

Excellent and very relevant.

EC
Cardiff University

Organisation was excellent. All the presentations were good and pitched at the right level for medical students so it was very relevant. Definitely helped with our exams and added to the acute care teaching we have already received.

DM
Cardiff University

Seemed well organised and well put together. Everyone was friendly and welcoming.

LM
Cardiff University

Generally a good day and timing was done well.

PR
Cardiff University

Overall standard of teaching was excellent.

PM
Cardiff University

Great teaching and hands-on opportunities.

MK
Cardiff University

Very good organisation, everything ran smoothly.

EP
Cardiff University

I thought it was very well taught and very good for the 3rd and especially 4th years.

SB
Cardiff University

Individual Comments

Very relevant, particularly as lots of clinical scenarios were used. As a 3rd year, we had not encountered all of these yet but it will stand us in great stead for the years to come!

DB
Cardiff University

Really useful course.

CC
Cardiff University

Very well organised, friendly and a very good and open learning environment! Useful for all levels of medical students!

ME
Cardiff University

Excellent run and appropriate for medical students in their 4th and 5th year who are almost graduating to give them an idea of scenarios they could face.

SY
Cardiff University

Generally good on all fronts. The sim man scenarios were great. Organisation was good and the day went smoothly. Great course and very helpful.

RM
Cardiff University

Very well organised and very relevant to our upcoming final OSCEs. Have had barely any acute training so far so it taught me a lot and filled in some missing blanks in my knowledge and questions I had been thinking about for a while! Also a very enjoyable day and right level of participation.

TA
Cardiff University

Very good teaching and organisation.

EC
Cardiff University

I found the overall organisation of the event to be very good, all the teachers gave good presentations and were well versed in their individual areas. I also felt the course was very relevant for possible OSCE exam stations and, of course, was great preparation for forming the foundation of knowledge and skill-set required for the foundation years and beyond.

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is an UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events/ competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- **International Medical Summer School**
Manchester, 1st - 5th August 2016
- **International Academic and Research Conference**
Manchester, 6th August 2016
- **World University Anatomy Challenge**
Manchester, 5th August 2016

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
