

## Feedback from Acute Care for Medical Students

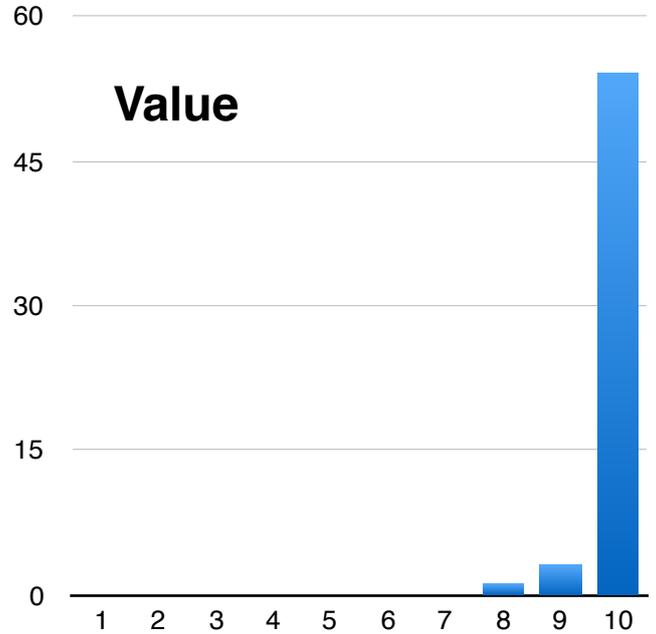

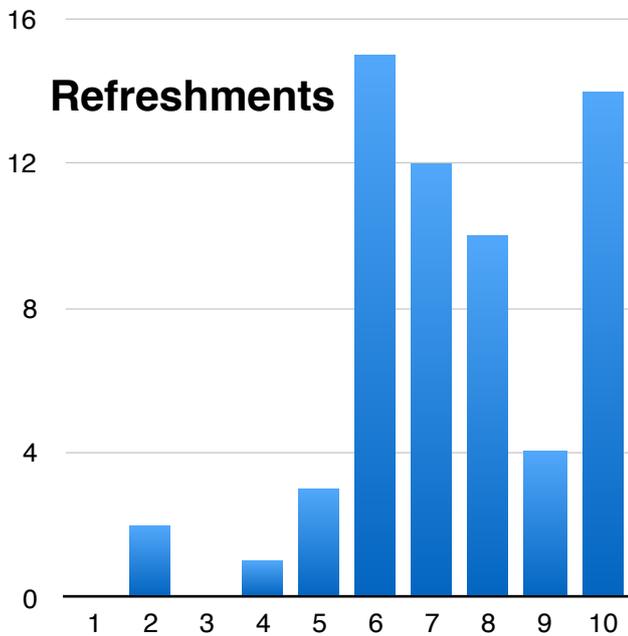

Cardiff University Cochrane Building  
Cardiff Medical School 3rd year students  
Saturday 14th November 2015

72 students rotating through 8 acute care stations.

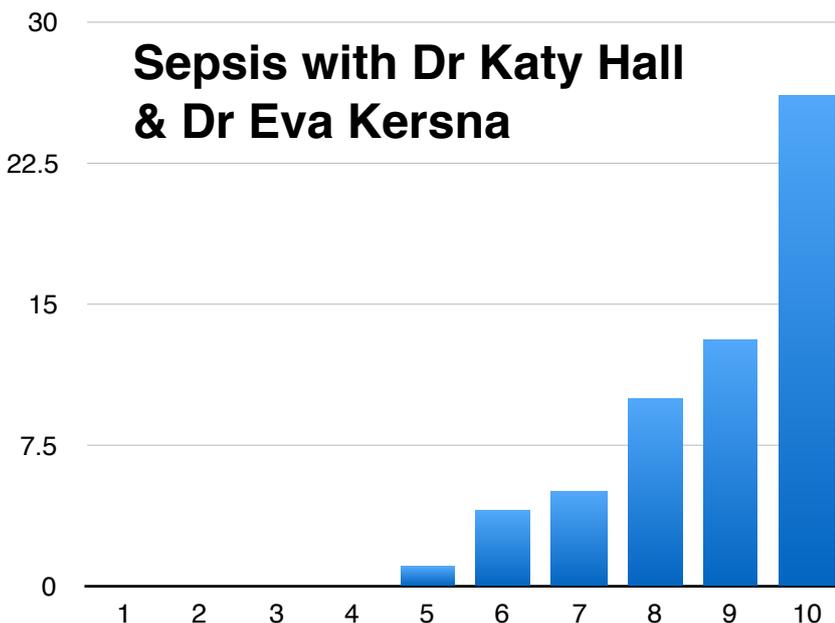

1=Poor, 10=Excellent.

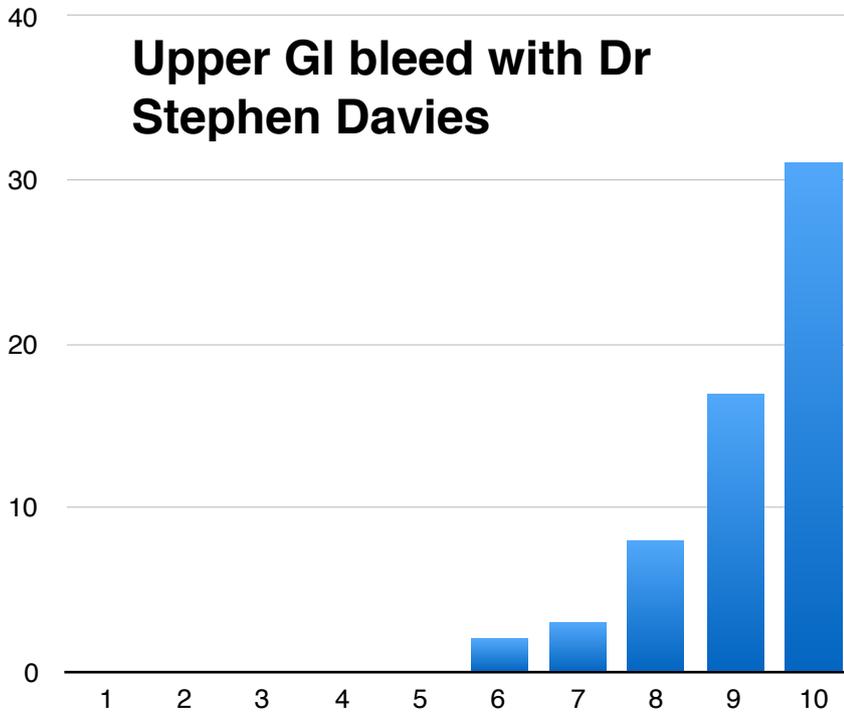

ACUTE CARE FOR MEDICAL STUDENTS

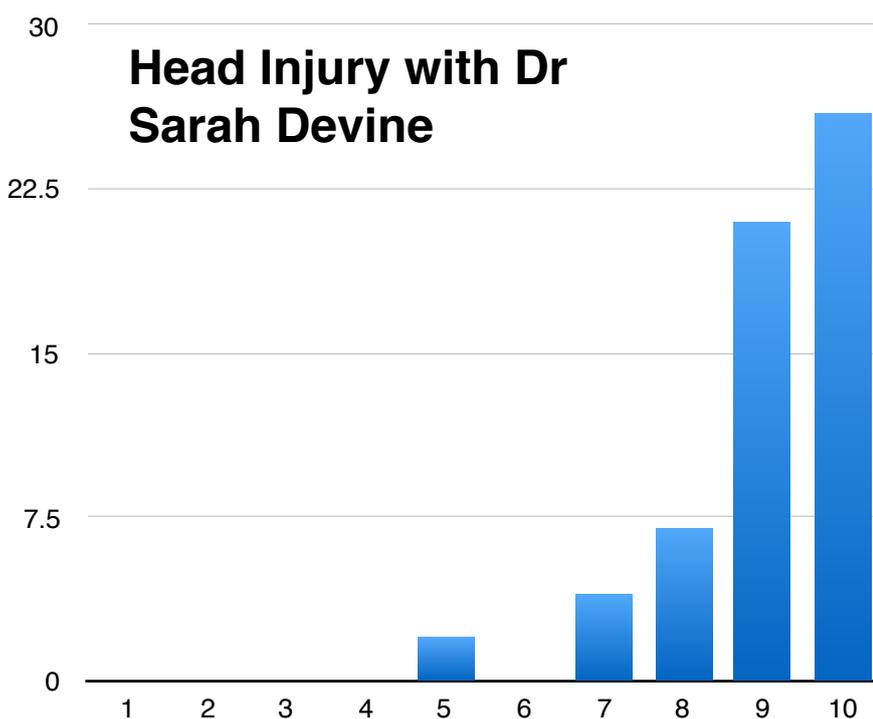

Individual Station Feedback with individual tutor feedback

Case based discussions of common sepsis presentations and Sepsis Six management

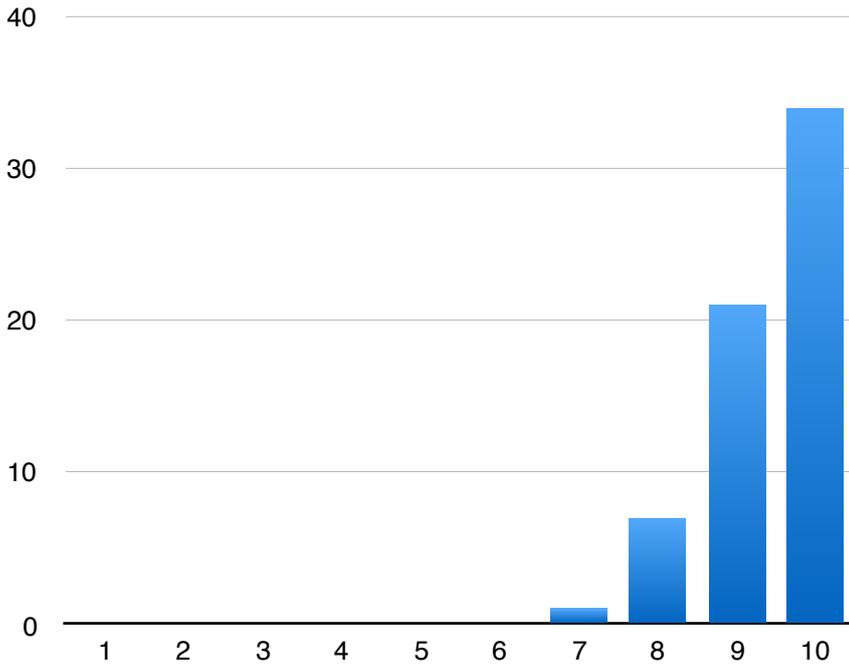

Case based discussions of upper GI bleed assessment and initial management with major haemorrhage protocol discussion.

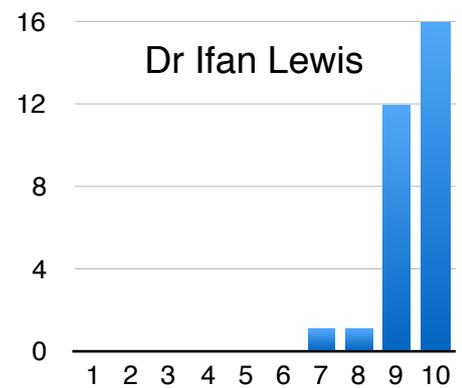

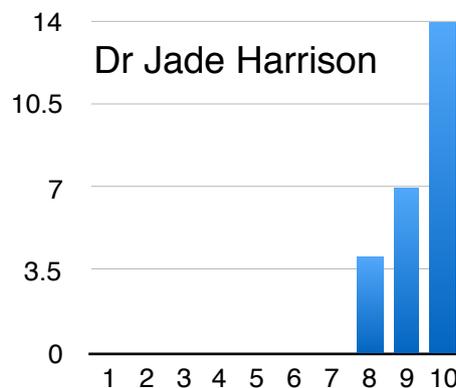

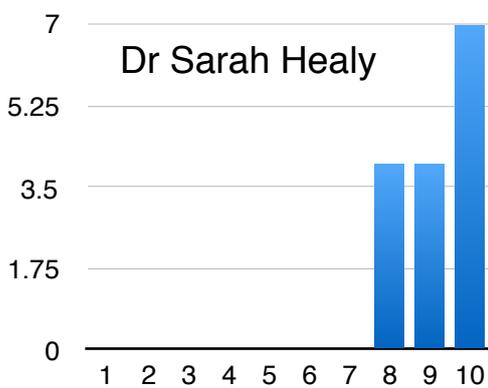

Case based discussions of head injury management, scanning criteria & radiological findings.

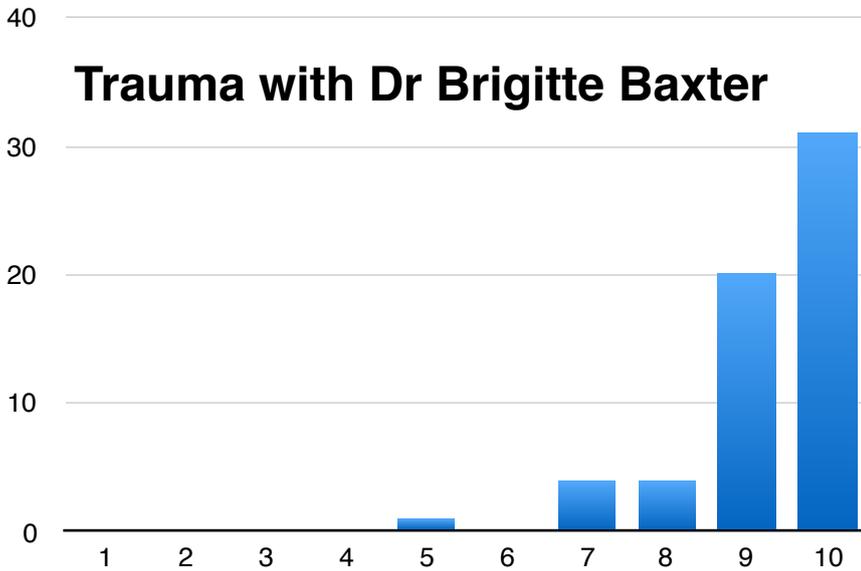

## Simulation (Overall - 3 tutors)

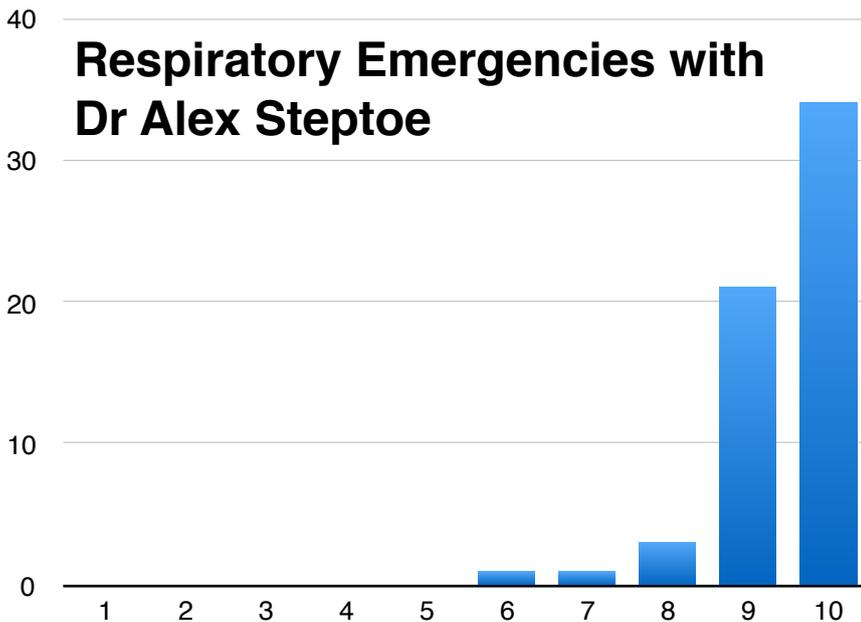

Upper GI bleed & Sepsis simulation scenarios ran in sim-suite.

## Simulation - Individual Tutor Feedback

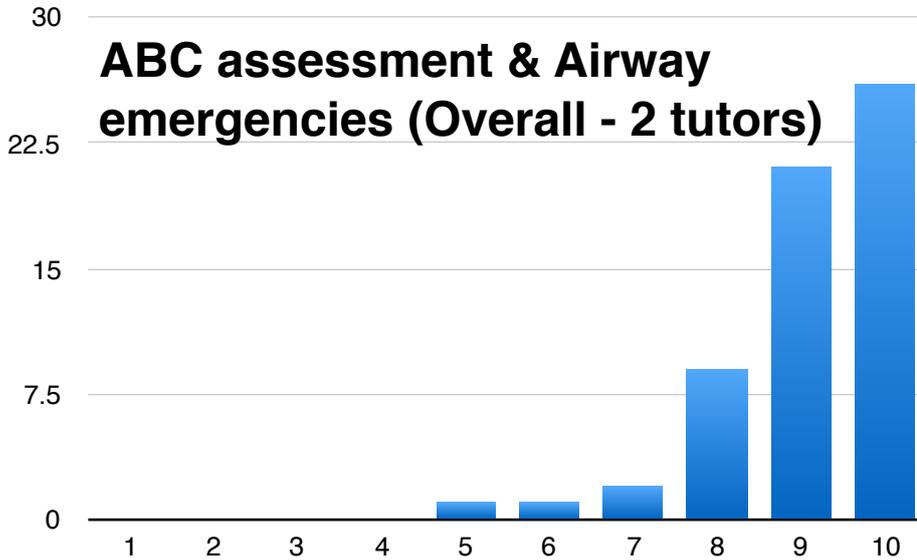

Skills station practicing Immobilisation, pelvic binding & logroll techniques.

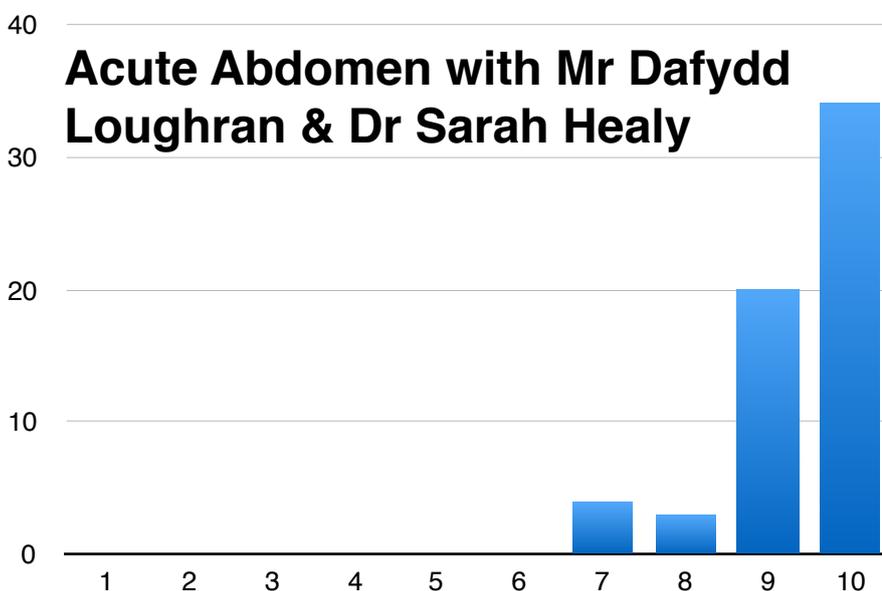

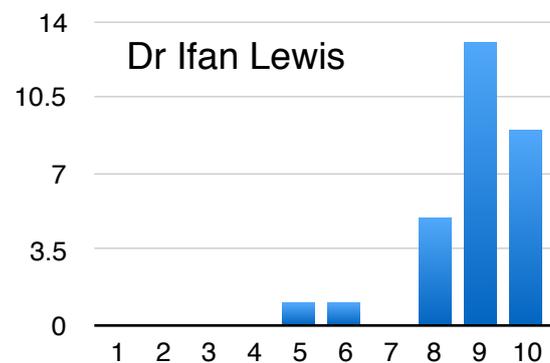

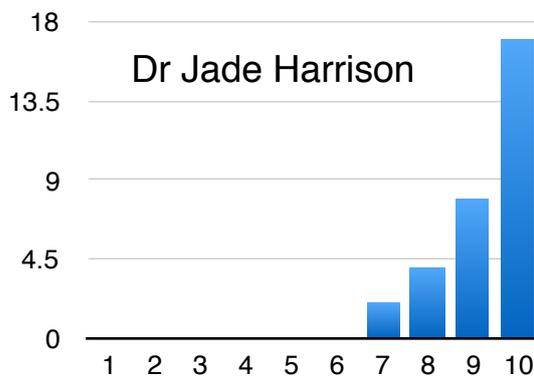

Skills station with oxygen delivery devices and case discussions of respiratory emergencies.

**ACUTE CARE FOR  
MEDICAL STUDENTS**

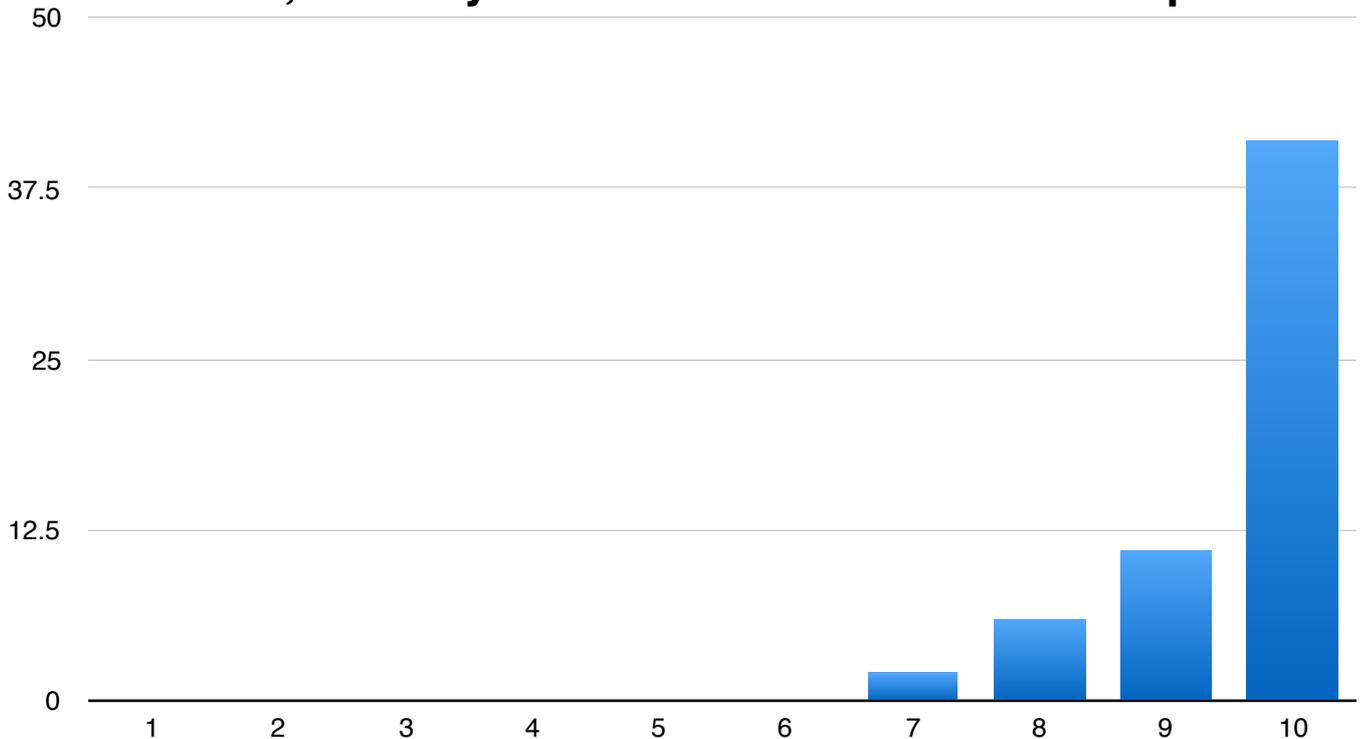

Basic principles of ABC assessment and skills station covering basic airway manouvres, airway adjuncts & definitive airways.

**ABC & Airway - Individual Tutor Feedback**

AAA Simulation scenario focussing on initial management and subsequent team working & leadership.

## Overall, would you recommend the course to peers?

### All free text responses:

“Brilliant! - good explanation of basic management! Feel more confident now.”

“Very useful day”

“Lunch? Really really useful”

“Thank you very much - great day!”

“Great but too long! Could’ve shortened the day a bit”

“Great refresher of key topics. Great day! Cheers :)”

“Really enjoyed the course - the more interactive sessions were best”

“Very informative and useful”

“Really good, really interesting. Thank you for organising.”

"No need for breaks in between sessions, but excellent! Thank you for organising."

"Slightly early start, but great day! Thank you for finishing on time too."

"Very enjoyable and useful for those starting acute placements next term!"

"Was really well organised"

"A great day but perhaps it should be shorter to ensure concentration"

"Great content, some science background would be useful as well."

"Really enjoyed today. Thanks! A useful day - a crash course in acute medicine"

"Was really worthwhile"

"Really good day - I've learnt a lot! Better than I thought it would be. I really enjoyed that every session was interactive and that you told us exactly what we needed to know. It was concise and all sessions were different which was great. Really appreciate the free refreshments too. Thank you!"

"Needed tea but other than that it was good. Could have condensed a little - it was a long day but a good one"

"Needs warm drinks but thanks for other free stuff"

"Really enjoyable & helpful. Well organised & really interesting"

"Really good day, helpful, good intro & recap of acute medicine"

"Very helpful tutors. Good range of topics covered"

"Really enjoyed. Good practical aspects. Really useful session. Very interactive & informative. Thank you :)"

"So useful, thank you"

"Maybe a bit long but very interesting. Would recommend. Thanks!"

"Coffee would have been wonderful!"

"It's been a fantastic day! I came with hardly any knowledge in acute medicine and left with a lot of experience and learning points. Amazing day and a lot of learning. Thank you for taking out the time to deliver this day for us. Constructive comment: Perhaps we could have a detailed ABCDE overview in the intro session to avoid overlaps during the various sessions :)"

"It would perhaps be better if the ABC session was at the start, for everyone, as it runs through all of the scenarios"

"Tea and coffee would be nice. Would be useful to have quiz answers explained properly with powerpoint with answers."

“Very good. Less ABCDE”

“Good station topics! Good mixture of simulation & talks as well. Very satisfied with the course, would feel more confident in A&E now!”

“So helpful thank you!”

“Absolutely brilliant, pitched at the right level.”

“Need coffee but otherwise love it!”

“Very helpful”

“Great organised day with diverse range of topics, thank you!”

“Really good & helpful. Perhaps work on timing”

“Really great - I enjoyed the day. Perhaps a bit long but other than that good”

“Great revision for our progress test”

“Really helpful & enjoyable day. Thank you it’s been great!”

“Some of the content of sessions was slightly repetitive”

“It’s been a great run through acute medicine, and great tips were given. Helpful for revision.”

“Didn’t need as long for coffee breaks”

“Cant believe it was free! More med school teaching should be like this. Thank you - really helped consolidate learning in a clinical context & help with management. More simulation!”

“Such a useful day! Learnt loads about acute medicine. Thanks”

**A huge thanks to the faculty tutors, student helpers, Cardiff Medical School Simulation Centre, Doctors Academy & Pastest for supporting and enabling us to run the course.**
