

**Obstetrics & Gynaecology
OSCE Revision Course**

Feedback - April 2016

Obstetrics & Gynaecology OSCE Revision Course

This course is a highly successful revision resource for 4th year and final year medical students who are preparing for the Obstetrics and Gynaecology stations of the OSCE examinations.

The course was led by Mr Hani J Shuheibar, consultant in Obstetrics and Gynaecology. He has led and supported a similar course for over eight years in conjunction with Manchester medical student societies.

Saturday consisted of concise revision lectures relevant to the Obstetrics and Gynaecology OSCE examinations. The lectures encompassed different aspects of the speciality frequently examined and were all delivered by consultant obstetricians and gynaecologists who are also trained OSCE examiners. Delegates were given the opportunity to ask questions and discuss the topics throughout the day.

Sunday focused on skills-based stations which were centred on the themes which commonly occur in the exam. Teaching was delivered by speciality trainee doctors and was overseen by consultants and clinical skills tutors.

Students who have attended this course have found the days very enlightening and useful. They feel that it has given them the opportunity to gain confidence in their theoretical and practical understanding of the field.

This is a non-profit course. All proceeds were donated to support medical student electives and experience placements in Gulu, Northern Uganda. Some proceeds also went to supporting medical education at Gulu University and to orphans in Gulu.

Course Information

| | |
|---------------------|---|
| Course date: | 23rd - 24th April 2016 |
| Venue: | Education North Centre Manchester Royal Infirmary Manchester, UK |
| Attendance: | 82 Delegates |
| Aimed at: | Medical Students |

Individual Comments

Excellent.

AM
University of Manchester

Very well organised. All topics covered were relevant.

RE
University of Manchester

Very good.

CK
University of Edinburgh

Really good course that focused on exactly what we needed to know. The lecturers were all very good and I was glad that they were all doctors who were training/consultants in obstetrics and gynaecology. I also liked that we often got given hints and tips about what to expect in our OSCE! Very good quality for money!

TA
University of Manchester

Very well organised and very useful. The person organising it was involved and kindly offered to add extra teaching if there were additional topics we were hoping to cover.

AL
University of Manchester

Very well organised, well selected topics with excellent teaching and very well focussed to our upcoming exams! The best revision of our 8 weeks of O&G.

MI
University of Manchester

Very good preparation for OSCEs.

VW
University of Manchester

Amazing course, majority of presentations were pitched at the right level, very informative, yet nice, short and sweet. I would highly recommend this course to anyone.

ES
University of Manchester

Individual Comments

Very good, well organised.

JL
University of Manchester

OSCE relevant. Very useful.

AK
University of Manchester

Very good.

RC
University of Manchester

Very well run.

AB
University of Manchester

Very relevant and helpful.

NM
University of Manchester

It was useful two days. From the point of the lectures, they were well organized and the majority had the relevant information for OSCE preparation.

JR
University of Manchester

Great teaching.

JD
University of Manchester

It was very organised and extremely useful.

AB
University of Manchester

Individual Comments

It was great and very helpful for OSCEs.

SH
University of Manchester

Very good course. Relevant to the Year 4 OSCE at Manchester. Good preparation and consolidation for the exam.

OM
University of Manchester

Very good course.

JC
University of Manchester

Fantastic - it was pitched at the right level and everything covered was relevant to my revision!

SS
University of Manchester

Excellent overall in every aspect.

AS
University of Manchester

Brilliant revision experience.

AJ
University of Manchester

Excellent value for money, well organised, great teaching and presentations. Most lectures were extremely relevant to our exam preparation and I'll be using a lot of what I learnt on the day. The course is pretty much what I needed to know and learn for the whole obs and gynae block.

KA
University of Manchester

Very good teaching and useful preparation for the OSCEs.

AL
University of Manchester

Very well executed course!

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is an UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events/ competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- **International Medical Summer School**
Manchester, 1st - 5th August 2016
- **International Academic and Research Conference**
Manchester, 6th August 2016
- **World University Anatomy Challenge**
Manchester, 5th August 2016

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
