Directions by car

Satnav

Please use the postcode NG7 2UH for directions to the Queen's Medical Centre when using a satellite navigation system.

How to get here

The hospital can be found on the western side of the city of Nottingham. It is situated just on the east side (inside) of the Nottingham Ring Road at its junction with the A52 to Derby. The A52 crosses the M1 at junction 25.

Leave the M1 motorway at Junction 25, and take the 'A52 to Nottingham', past Stapleford, Bramcote and Wollaton Park. As you pass the University on your right you will come to a large traffic island with QMC on the right immediately after the island. Turn right here, take the first slip road on the left into the hospital grounds and continue along the hospital perimeter road.

QMC car parks

When parking at QMC please ensure that you park in car parks designated for public parking (or staff parking, if you are a member of staff). Our main car park allocations recently changed on 17 November 2014.

- Car park 3 is for patient and visitor use only. It is at the south end of the hospital.
- Car park 2 is for staff use only. It is on the inner ring road on the other side of the canal from South Block, and is signposted from the main hospital ring road.

Follow signs to Ward B50 when you arrive at QMC

Please be aware that the Trust is not responsible for any public car parks near or adjacent to the hospital site which are operated by third parties.

Pay and display car parking machines require exact change. We apologise for any inconvenience this may cause.

Public transport information

The following bus services stop at the main entrance:
