

Advanced Flap course in Upper Limb Reconstruction

13th and 14th June 2013

Welsh Centre for Anatomical Education, University of Cardiff

Programme

13th June 2013

- 0900 - 0915 : Introduction to flaps
0915 - 0945 : Local flaps in hand (to include V-Y, Moberg, Littler, Homodigital, Foucher)
0945 - 1015 : Regional flaps (Radial forearm, Posterior interosseous, Becker)

1015 - 1030: Break for refreshments

- 1030 - 1230 : Raising flaps in the anatomy dissection room

1230 - 1330 : Break for lunch

- 1330 - 1400 : Distant flaps (Groin flap, Hypogastric flap, Random abdominal flap)
1400 - 1600 : Raising flaps in the anatomy dissection room
1600 - 1700 : Case discussions - choice of flap cover

1700: End of Day 1

14th June 2013

- 0900 - 0930 : Free flap reconstruction of upper limb (ALT, Scapular flap, Free groin flap)
0930 - 0945 : Free functioning muscle transfer (gracilis)
0945 - 1230 : Raising flaps in the anatomy dissection room (with a break for refreshments)

1230 - 1330: Break for lunch

- 1330 - 1400 : Vascularised bone grafts (Free fibula, Medial femoral condyle flaps for scaphoid)
1400 - 1600 : Raising flaps in the anatomy dissection room
1600 - 1700 : Case discussions, summary and feedback

1700: End of Course
