# Laparoscopic Colorectal Surgery Masterclass

25<sup>th</sup> and 26<sup>th</sup> September 2013

Prince Charles Hospital  
Merthyr Tydfil, Wales

**FEEDBACK**

THE ROYAL COLLEGE  
OF SURGEONS OF  
EDINBURGH

**Accredited: 12 CPD points**

# Welcome

*Dear Delegate,*

*I am pleased to welcome you to the Laparoscopic Colorectal Surgery Course at Prince Charles Hospital in Merthyr Tydfil. The course, started in 2010, is aimed at surgical trainees as well as consultants wishing to gain expertise in this field and has been very popular and well received in previous years. Consequent upon its success, the course is now run biannually.*

*The course is accredited by the Royal College of Surgeons of Edinburgh and the college awards 12 CPD points for attendance.*

*This two day event is designed to provide plenty of exposure to live operations for a range of indications, including colorectal cancer as well as benign conditions. In addition to the live links, there will be structured lectures/ presentations covering various aspects of the speciality, delivered by a faculty of experienced laparoscopic colorectal surgeons. The faculty/ delegate ratio is intentionally kept high to achieve a comfortable and friendly environment with plenty of opportunity for delegates to interact with the faculty and the organizers, both in the auditorium as well as during the course dinner.*

*Looking forward to meeting up with you during the course, which, I hope you will find both instructive and enjoyable.*

*Best wishes,*

*Prof. P. N. Haray  
Course Convenor*

# About this Hospital

Cwm Taf Health Board was established on 1 October 2009 and consists of two District General Hospitals; Prince Charles Hospital and the Royal Glamorgan Hospital. They are responsible for the provision of health care services to over 325,000 people principally covering the Merthyr Tydfil and Rhondda Cynon Taf Local Authority areas. Cwm Taf Health Board was awarded university health board status in July 2013, officially becoming Cwm Taf University Health Board in December 2013.

Prince Charles Hospital is based in the Gurnos Estate, Merthyr Tydfil CF47 9DT. To the north of the hospital lies the beautiful Brecon Beacons National Park whilst to the south-west is the Gower Peninsula with its outstanding coastline. The capital city of Wales, Cardiff, is only 25 miles away along the dual carriageway (A470) South to North Wales trunk road.

Cwm Taf Health Board is committed to the development of Medical Education programmes that are dynamic, interactive and adequately prepare our undergraduates, junior medical staff for their present/future roles and personal career development. We not only ensure we offer the complete curriculum for undergraduate students, foundation, core and specialty trainees; we also ensure we offer a wide range of clinical skills & related topics combined with support and funding for other relevant courses for appropriate staff.

The Medical Education and Training Centres consist of classrooms and lecture theatres all fully equipped with a wide range of state of the art audio-visual facilities. A new Theatre-Video link has also been installed allowing for interesting operations to be shown 'live' to an audience in the Lecture Theatre which has greatly enhanced teaching sessions.

The Resuscitation & Clinical Skills department have developed a full range of clinical skills training programmes which have local, national, European and International accreditation. There are dedicated fully equipped high fidelity simulation suites at both sites, enabling the delivery of an extremely wide range of skills for the majority of undergraduate and postgraduate training requirements.

---

- *Overall an excellent course. These faculty members gives you an inspiration to carry on the hard work and to achieve the seemingly impossible!*
- *Many thanks for this excellent opportunity*
- *Excellent course / Excellent arrangements & Lectures*

## **Specific aspects liked by delegates:**

- (a) Live operating*
- (b) Laparoscopic management of complications*
- (c) Tips & Tricks*

- (a) It was interactive*
- (b) Live operations*
- (c) Questions were actively encouraged*

- (a) Time Management*
- (b) Faculty was excellent*
- (c) Obviously the funding*

- (a) Nice & Friendly atmosphere*
- (b) Good presentations & Collections of delegates*

- (a) Almost tailor made for intermediate trainees*
- (b) Experienced faculty*
- (c) Good use of audio visual aids*

- (a) Different techniques of different faculties*
- (b) We can follow what techniques is flexible for our set up*

- (a) Live link with theatre (interactive)*
- (b) Different techniques by different Consultants on the same procedure*
- (c) Extensive discussion with interaction on each step of procedures*

- (a) Up to date evidence / information*
- (b) Discussions between experts were very intuitive*
- (c) Good mix of cases, lectures, discussions & videos*

- (a) Very well structured*
- (b) Excellent team work by participants*
- (c) Covered most things & well done, interactive contributions*

- (a) Live operations*
- (b) Tips tricks hazards*
- (c) Case presentations*

- (a) Live-link with communication is great*
- (b) Facilitators were friendly & approachable*
