Overall Teaching Feedback

Cardiology

Would you recommend this course to a friend?

Do you think that this course provided good value for money?

Individual Comments

Generally very good. The first day of talks was good but I especially enjoyed and found useful the second surgical day.

NT
University of Manchester

I thought overall that it was a good basis for finals. The overall organisation and schedule of the day was very good.

RA
University of Manchester

I would definitely recommend this course to other medical students. Great job and thank you!

AK
Swansea University

Some of the lecturers seemed more prepared than others, but generally lectures were good.

XH
University of Manchester

Well organised and arranged. Punctual timing.

ZA
University of Manchester

For the most part lecturers were engaging, enthusiastic and clear in their presentation.

LO
University of Manchester

Very good course.

KN
University of Manchester

Effective teaching. Worth my time but felt it went too long. However i understand it can't be helped as the is much to go through over a short period of time.

JL

Well Organised Course.

JS
University of Manchester

Individual Comments

Was good.

MM
University of Manchester

Worth my time but no paediatrics and some other specialities skipped. Generally good presentations and speakers.

AN
University of Manchester

Some lectures were better than others. The orthopaedics tutor was especially good.

SA

Good.

AH
University of Manchester

Very good. Regardless the content was useful and a good over recap. Very good value for money.

SH
Hull York Medical School

Very well organised, a little too fast to take notes, so handouts would have been brilliant.

AG
University of Manchester

A very helpful revision weekend.

EE
University of Manchester

It was extremely useful and definitely worth my time!

OR
Keele University

Good.

RB
University of Manchester

It was really good although it was a long day.

RR
Keele University

Individual Comments

It is well organised however it is a bit hard to make it on time especially on Sunday when public transport is hard to get. The teaching are great however I would personally preferred to have the slides just before the teaching so that I can follow through with the teaching.

MH

University of Manchester

Good.

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
