Feedback - November 2018

FRCS (Gen Surg) Speciality Focused Exam Preparation Course: Colorectal Surgery

This one-day course was aimed at delegates who had a declared subspeciality interest in Colorectal Surgery at Section II of the Intercollegiate FRCS (Gen Surgery) Examination. It has been observed that generic FRCS preparation courses do not have the time to focus on each subspeciality, and as such, many delegates struggle with questions at an ST7 and ST8 level in their declared subspeciality. This course aimed to effectively address that pitfall, highlighting the key components and high-yield topics from the sub-speciality of Colorectal Surgery within the JCST General Surgical curriculum.

Course Information

Course Date:	25th November 2018
Venue:	Hereford County Hospital, Hereford, England, UK
Attendance:	2 Delegates
Aimed at:	ST5 or above / SpR Year 3 or above in General Surgery. Recommended for Trainees planning to sit the FRCS Exam (Section I or Section II) within 6 months.

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
