I really enjoyed the conference overall; everyone was very welcoming and friendly. The highlights for me were probably the Psychosexual Medicine talk, which completely introduced a new branch of Obstetrics and Gynaecology to me, as well as the CV Building workshop which gave a good overview of the training involved in ST years (Sharon Fan's talk also helped with this). I also really enjoyed the talk from Doctor's for Choice which was really interesting, and I had not known about this before.
