Keele National Orthoplastics Workshop 2020

Following the success of last year's event, Keele Surgical Society was pleased to announce the Keele National Orthoplastics Workshop 2020. This event offered delegates the opportunity to gain hands-on consultant-led teaching in the fields of Orthopaedic and Plastic Surgery.

These specialities are often overlooked and undertaught in the medical school curriculum despite them being large fields of medicine that impact patients from all age ranges. Therefore, Keele Surgical Society aimed to provide a useful learning resource to help impassion students about Orthopaedic and Plastic Surgery.

The event covered four workshops teaching basic skills in the field of Orthoplastics. The two Orthopaedic workshops focused on the techniques of internal fixation (plate and screws) and external fixation (uniplanar frame) on synthetic bone. The two Plastic workshops covered tendon repair (Kessler technique) and advancement flap design on animal tissue. The event also featured two lectures – one focusing on major trauma management while the other explored Orthoplastics in low-and-middle-income countries.

Course Information

Course Date:	15th February 2020
Venue:	Clinical Education Centre, University Hospital North Midlands, Newcastle Road, Stoke-on-Trent
Attendance:	30 Delegates
Aimed at:	Pre-Clinical and Clinical Medical Students with Basic Suturing Skills (Simple Interrupted Suture); Foundation Year Doctors

How was the general friendliness of the faculty and organisers?

■ Very friendly ■ Friendly ■ Neutral ■ Not very friendly ■ Can't comment

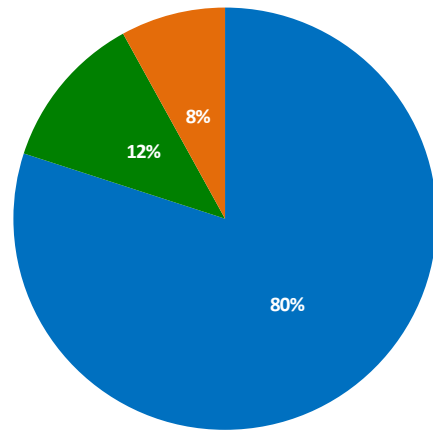

Overall Teaching Feedback

Would you recommend this conference to a friend?

■ Most certainly ■ Certainly ■ Probably ■ Unlikely ■ Not at all

Do you think that this conference provided good value for money?

■ Most certainly ■ Certainly ■ Probably ■ Unlikely ■ Not at all

Individual Comments

It was both brilliant and inspiring.

RP

Keele University School of Medicine, Keele, United Kingdom

It was very professional and helpful.

ES

Keele University School of Medicine, Keele, United Kingdom

The workshops were good.

SJ

It was amazing.

AM

Lancaster University Medical School, Lancaster, United Kingdom

I was very impressed.

RM

University of Birmingham, Birmingham, United Kingdom

This was a really good conference - thank you.

MJ

University of Warwick, Coventry, United Kingdom

Overall, I thought it was a fantastic conference which was very well organised and executed.

DC

University of Birmingham College of Medical & Dental Sciences, Birmingham, United Kingdom

The event was well organised and it managed to fit in a lot of teaching into a small space of time.

SB

Keele University School of Medicine, Keele, United Kingdom

I was extremely pleased to attend the conference as it was very good value for money for the number of workshops that it had. The lecturers and faculty were enthusiastic and engaging. I would highly recommend the event and look forward to returning if it is held again in the future.

JH

University of Liverpool Faculty of Health and Life Sciences, Liverpool, United Kingdom

This was an excellent day; it was good value for money, and I would recommend it to friends and colleagues.

AL

Royal Stoke University Hospital, Stoke-on-Trent, United Kingdom

Individual Comments

The conference was very valuable, and the speakers shared interesting and inspiring information which represented the specialties of Orthopaedics and Plastic Surgery. The workshops were well organised and informative. I would highly recommend this event to a fellow student. Thank you.

YZ

Keele University School of Medicine, Keele, United Kingdom

The workshops were very good and simplified procedures which we wouldn't otherwise be taught.

SK

Manchester Medical School, Manchester, United Kingdom

It was amazing.

AM

Lancaster University Medical School, Lancaster, United Kingdom

Everything was organised professionally and taught at a high standard.

SA

Keele University School of Medicine, Keele, United Kingdom

This was an excellent, well-run day with great faculty.

AL

Royal Stoke University Hospital, Stoke-on-Trent, United Kingdom

This was a good learning opportunity with educational presentations and good taster practical sessions.

HT

Warwick Medical School, Coventry, United Kingdom

This was extremely well organised and the workshops were helpful for young, aspiring surgeons.

BY

University of Birmingham, Birmingham, United Kingdom

The conference was very relevant to my level of studies. As a final year student who has decided on CST as a training pathway, this was the first Orthoplastics conference that I had attended. The organisation was very slick and the teaching was great with a fantastic staff to student ratio that offered good personal guidance for the training in the workshops. The presentations were engaging and interesting and were appropriate for our level.

RR

University of Exeter Medical School, Exeter, United Kingdom

Everyone was very welcoming and were happy to answer our questions.

SF

Keele University School of Medicine, Keele, United Kingdom

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is a UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events / competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- International Medical Summer School
- International Academic and Research Conference
- World University Anatomy Challenge

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.

Resources for:

- Medical Students
- Dental Students
- International Entrance Exams
- MRCS Exams
- General Surgery Exams
- Plastic Surgery Exams
- DOHNS Exams
