

International Medical Summer School

Manchester, 15th - 19th August 2011

FEEDBACK

"I thought the organisation was excellent. Everyone involved was enthusiastic, helpful and very friendly."

- **Esther Wilson**
Year 2 Medical Student
University Of Dundee

"Actually far more breadth needed! Really good idea, very useful & relevant to me although I haven't started medicine yet. Very easy to follow lectures, although some lecturers were far more engaging than others. Staff friendly."

- **Olivia Allwood-Mollon**
Year 1 Medical Student
University Of Leeds

"Very well organised. Staff extremely friendly & helpful. Lectures were all relevant and short and to the point. Socials were really enjoyable."

- **Jandat Fatima**
Year 4 Medical Student
The University Of Manchester

"Excellent. Lecturers all turned up, excellent opportunities to ask questions & interact. Fantastic emphasis put on research & careers. Something that is not really taught in the curriculum. Overall fantastic job. Social events were good. Well done."

- **Emma Joanne Badger**
Year 3 Medical Student
The University Of Birmingham

"Overall I felt that the course was very well organised. All the speakers were friendly and approachable"

- **Nadia Hussain**
Year 5 Medical Student
University Of Leicester

"Organisation: top!!! - school & social events. Teaching: some top and some more top. Presentation: Top"

- **Claudia Bors**
Year 2 Surgery Student
Charité Universitätsmedizin Berlin

"I found that the organisation was excellent and the quality of teaching and presentations, very useful for the future. Was very valuable to be able to talk to so many doctors etc in many different specialities. All the student leads were really friendly and made the week really fun."

- **Lauren Coupe**
Year 3 Medical Student
University Of Nottingham

"Very friendly faculty & definitely useful for future career ahead."

- **Amir Tan Mohd Amin**
Year 2 Surgery Student
The University Of Sheffield

"Very well organised, great quality of speakers and I would love to help with organising the next course."

- **Hussein Taki**
Year 4 Surgery Student
Universities Of Bristol

"Very well organised and professional."

- **Andrew Wright**
Year 4 Surgery Student
The University Of Sheffield

"The course seemed very well organised. There were always people to ask for help. The lectures seemed well planned."

- **Syeda Rafia Ali**
Year 1 Medical Student
University Of Liverpool

FEEDBACK

"I believe the surgical leads - the plastics SpRs were fantastic. I think the course in general was very good"

- **Abdul-Kasim Nassimizadeh**
Year 4 Surgery Student
The University Of Birmingham

"Run by good friendly people and was good to see the registrars and other doctors come to the social events, where it would be possible easier to get a personal account and opinions as to the difficulties they faced as well as their road to success."

- **Sathyan Nagendram**
Year 5 Surgery Student
Medical School Outside

"I am so glad that I took this course. The lectures, the material & other sessions have been both informative and inspiring."

- **Isabela Bertoni**
Year 2 Medical Student
The Hull York Medical School

"Very friendly & helpful people in the organisation. Very informative lectures. I would very much like to attend such events again in the future."

- **Dania Morhij**
Year 2 Surgery Student
University Of Glasgow

"The course was fantastic and the committee members are very friendly and helpful."

- **Zeyad Sako**
Year 2 Surgery Student
Royal College Of Surgeons In Ireland

"Good! I think it's best to do the summer school in your 2nd/3rd year so you will have enough time left to work on the things you've taken home."

- **Linda Van Diermen**
Year 5 Medical Student
Medical School Outside
The United Kingdom

"Academic teaching sessions were interesting but it was difficult to pitch them at a level suitable for all. Overall, well-organised, informative and relevant."

- **Natalie James**
Year 3 Medical Student
The Hull York Medical School

"Well organised, ran like clockwork. Teaching varied but the Gaussian distribution of quality is to be expected."

- **Nikhil Prasad**
Year 3 Surgery Student
Universities Of Bristol

"Excellent faculty of Doctors! I made some good contacts! Very well organised & the lectures regarding career development were most useful. The lecture regarding portfolios was quite difficult to digest."

- **Samed Talibi**
Year 3 Surgery Student
Universities Of Bristol

"Very informative & opened me up to a whole array of new sub-specialities that I wasn't sure of before which I can now explore over the rest of my medical schools career. Thanks!"

- **Hammaad Khalil**
Year 1 Surgery Student
University Of Liverpool

"Great organisation. Excellent standard of teaching"

- **Jemma Boyle**
Year 3 Surgery Student
The University Of Manchester
