DOCTORS ACADEMY EVENT

Training the Clinical Anatomy Trainer Level 1

6th April 2014 (Sunday)

Learning and Research Building, Southmead Hospital, Bristol

ABOUT THE EVENT

Brief description: The day will start with a theory based assessment of basic clinical anatomy. There will be 30 questions in PPT format. This score will not be used in the final evaluation. In addition to covering the essential anatomical aspects and principles in the assessment of trauma victims and common operative procedures, there will be interactive sessions on wound healing, local anaesthesia and sutures. The day will end with a formal assessment that will be carried out using PPT based spotters and viva.

Format and structure of teaching:

The teaching session will be structured as a combination of lectures, interactive discussions and surface anatomy demonstration. Volunteers will be used for surface anatomy demonstration.

Dress code:

None specific

Programme:

Can be found in the course page:

<http://doctorsacademy.org/Course/ClinicalAnatomyTrainer/Home.htm>

Preparation and revision:

You would have already received information on how to access the course manual and presentations. Kindly ensure that you read beforehand and be prepared so that you will benefit the most from the course. The day is intense and the assessment challenging with an average pass rate of 63%.

If you are unsure of how to access the material, please follow this link and enter your course registration number:

http://www.courses.doctorsacademy.org.uk/Number_Validation.aspx

Material: Kindly bring with you a notebook and a pen to note points of interest. You may also wish to bring an anatomy book for reference.

What you need to bring with you:

- I. A copy of the confirmation mail you received from us with your name. This name should match with your identification badge. Please be informed that you will not be allowed to attend the course without a copy of the confirmation mail.
- II. Your University/Hospital identification badge
- III. Note book and pen
