Structure of the course:

This one day course is intended to cover the essential concepts in managing elderly 'surgical' patients. It will be delivered through a series of interactive seminars, lectures and discussions, with the aim of providing the participant with a comprehensive understanding in the management of elderly patients. It is envisaged that the knowledge gained will help institute appropriate treatment protocols, shorten hospital stay, improve patient satisfaction, and achieve better and sustainable elderly care both in the hospital setting and in the post-operative, community setting.

Programme:

Faculty:

<http://doctorsacademy.org/Course/SurgeryElderly/Downloads/FacultyListJune15.pdf>

Refreshments/Lunch:

There will be two refreshment breaks – one in the morning and the other in the afternoon – where coffee/tea/biscuits will be served. Sandwich lunch will be provided during the lunch break

What you need to bring with you:

- A copy of the confirmation mail you received from us with your name. This name should match with your identification badge. Please be informed that you will not be allowed to attend the course without a copy of the confirmation mail. You may have this information in your smart phone or iPad. A print out is not required.
- Your University/Hospital identification badge

Number to ring on the day if you are lost for directions:

Dr Michelle Tang: 07769985955.

We look forward to seeing you at the event. Please do not hesitate to contact us if you have a query in the interim.

With very best wishes,

Organising Team
