

Training the Clinical Anatomy Trainer - Level 1

20th November 2016 (Sunday)

Manor Learning and Conference Centre (MLCC), Walsall Manor Hospital

Dated: 7th November 2016

Dear Colleague,

Thank you for choosing to attend the above course.

This mail is to inform you of the programme and format for the day.

Date:

20th November 2016 (Sunday)

Registration: 0830 hours

Start of Course: 0840 hours

End of Course: 1800 hours

Venue:

Manor Learning and Conference Centre (MLCC), Walsall Manor Hospital

Moat Road, Walsall, WS2 9PS

Where to report:

Please enter the hospital via the Main Entrance. On entering the main atrium/foyer, proceed straight ahead past the information desk and take one of the two lifts (situated next to the escalators) to the third floor, up to the MLCC. From here follow the signs to the registration point for the event.

Address, Directions and Parking

Address:

Manor Learning and Conference Centre (MLCC)

Walsall Manor Hospital

Moat Road

Walsall

WS2 9PS

Directions:

- For general directions to reach Walsall Manor Hospital, please click the following link:
<https://www.walsallhealthcare.nhs.uk/walsall-manor-hospital.aspx>
- To view in Google maps: <https://goo.gl/maps/FFMVXvEwAwR2>
- The hospital is situated a short (10 min.) walk from Walsall Railway Station
- For those travelling by car, leave the M6 motorway at J10 (if travelling from the north/Wolverhampton direction) or J9 (if travelling from the south/Birmingham/M5 direction).

Free parking is kindly being provided by the Trust. On arrival please park in car park B, which is situated directly opposite the hospital building (see here: <https://goo.gl/Cggyzc> – you will need to take a ticket from the barrier). On exit, please use the intercom facility at the barrier and tell the operator you have been in attendance at the Doctors Academy course.

ABOUT THE COURSE

Brief Description:

The day will start with a theory based assessment (formative exam) of basic clinical anatomy. There will be 30 questions in PPT format. This score will not be used in the final evaluation. In addition to covering the essential anatomical aspects and principles in the assessment of trauma victims and common operative procedures, there will be interactive sessions on wound healing, local anaesthesia and sutures. The day will end with a formal assessment that will be carried out using PPT based spotters and a viva.

Format and Structure of Teaching:

The teaching session will be structured as a combination of lectures, interactive discussions and surface anatomy demonstration. Volunteers will be used for surface anatomy demonstration.

Dress Code:

There is no specific dress code for this event.

Programme:

<http://doctorsacademy.org/Course/TrainingClinicalAnatomyTrainerEDB/downloads/PGMNov16.pdf>

Preparation and Revision:

You will have already received information on how to access the course manual and presentations. This material will help you to prepare for the assessment. If you are unable to access this material, kindly contact us at info@doctorsacademy.org.uk and we will endeavour to resolve the issue. Kindly ensure that you read beforehand and are prepared so that you will gain the maximum benefit from the course. The day is intense and the assessment is challenging with an average pass rate of 70%.

If you are unsure of how to access the material, please follow this link and enter your course registration number:

http://www.courses.doctorsacademy.org.uk/Number_Validation.aspx

Material:

Kindly bring with you a notebook and a pen to note pertinent points. You may also wish to bring an anatomy book for reference.

What you need to bring with you:

- I. A copy of the confirmation mail you received from us with your name. This name should match with the name on your identification badge. Please note that you will not be allowed to attend the course without a copy of your confirmation mail.
- II. Your University/Hospital identification badge
- III. Notebook and pen

We look forward to seeing you at the event. In the interim, please do not hesitate to contact us if you have any queries.

Best wishes,

Surgical Anatomists
