

The Christie Cadaveric Course: Peritoneal and Cytoreductive Surgery

Feedback - January 2025

The Christie Cadaveric Course: Peritoneal and Cytoreductive Surgery

This highly focused and specialised hands-on cadaveric course covered intra-abdominal surgical anatomy and assessment of abdominal cavity for signs of peritoneal malignancy as well as obtaining a sound understanding of the surgical anatomy and operative techniques involved in cytoreductive surgery. The course was intended to help in the understanding of the diagnosis, investigation and peri-operative management as discussed in an MDT.

Taught and delivered by world experts in the field on cytoreductive surgery for peritoneal malignancy, the cadaveric session included intra-abdominal surgical anatomy, assessment of abdominal cavity for signs of peritoneal malignancy and hands-on training on cytoreductive surgery for peritoneal malignancy including omentectomy (greater and lesser), diaphragm peritoneal stripping, liver mobilization and ablation, cholecystectomy, splenectomy, salpingo-oophorectomy, bowel resections and pelvic peritonectomy.

Course Information

Venue:	Manchester Surgical Skills and Simulation Centre, Stopford Building, University of Manchester
Date:	23rd January 2025 (Virtual) 30th January 2025
Attendance:	8 Delegates
Aimed at:	Consultant Colorectal Surgeons; Consultant Oncological Surgeons; Consultant Urological Surgeons; Consultant Gynaecological Surgeons; Clinical Fellows in Colorectal, Gynaecological, Urological and Oncological Surgery; Senior Surgical Trainees with interest in Peritoneal Surface Malignancy and Cytoreductive Surgery
Course Fee:	£800.00

Programme

23rd January 2025

1830 - 1840 Introduction to the course

1840 - 1920 Applied Anatomy Relevant to Peritoneal Surgery

1920 - 1930

Break

1930 - 2020 Cross-Sectional Imaging and Pre-operative Planning

2020 - 2030 Discussion and Close

30th January 2025

0830 - 0845 Registration

0845 - 0900 Introduction, aims & objectives

Jonathan Wild

0900 - 1000 Peritoneal MDT with focused case discussions

Rebecca Halstead

Jonathan Wild

Lorena Martin-Roman

Skills lab: Demonstrations followed by hands-on cadaveric training

1000 - 1145 Liver mobilisation, cholecystectomy, RUQ
& diaphragmatic peritonectomy

Rahul Deshpande

1145 - 1200

Break

1200 - 1330 Greater and lesser omentectomy

Rebecca Fish

1330 - 1430

Lunch

Seminar room

1430 - 1500 HIPEC setup

Lorena Martin-Roman &
Sue Mlambo

Skills lab: Demonstrations followed by hands-on cadaveric training

1500 - 1600 Splenectomy

Jonathan Wild

1600 - 1700 Parietal peritonectomy, HIPEC setup

All faculty

1700 Questions, summary and close

Overall Feedback

How was the clarity of the sessions?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

How would you rate the general academic standard of the tutors?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

Did you have sufficient hands-on practice and time?

■ Most certainly ■ Certainly ■ Probably ■ Unlikely ■ Not at all

Was the tutor-delegate ratio sufficient?

■ Most certainly ■ Certainly ■ Probably ■ Unlikely ■ Not at all

Did you have sufficient supervision during the hands-on sessions?

■ Most certainly ■ Certainly ■ Probably ■ Unlikely ■ Not at all

Peritoneal MDT with Focused Case Discussions

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

Overall Feedback

Liver Mobilisation, Cholecystectomy, RUQ and Diaphragmatic Peritonectomy

Greater and Lesser Omentectomy

HIPEC Setup

Splenectomy

Parietal Peritonectomy

How were the facilities and venue?

Overall Feedback

How were the refreshments and lunch?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

How was the general friendliness of the faculty and organisers?

■ Very friendly ■ Friendly ■ Neutral ■ Not very friendly ■ Can't comment

Would you recommend this course to a friend?

■ Most certainly ■ Certainly ■ Probably ■ Unlikely ■ Not at all

Do you think that this course provided good value for money?

■ Most certainly ■ Certainly ■ Probably ■ Unlikely ■ Not at all

How do you rate the appropriateness of the Zoom platform for the theoretical component of this course?

■ Most certainly ■ Certainly ■ Probably ■ Unlikely ■ Not at all

Individual Comments

Great course, lots of hands on time and great to have a facilitator/tutor walk you through both as a demonstration then as you perform the procedure.

AW

Queen Alexandra Hospital, Portsmouth Hospitals NHS Trust, UK

The organisation and the teaching were outstanding. One of the most valuable courses that I have ever attended.

MA

RCSI

Excellent course, really enjoyed the theoretical and the cadaveric components. Fantastic, knowledgeable and experienced faculty, with excellent content. The course met all my learning objectives and I would highly recommend it. Thank you.

CS

Royal Preston Hospital, Preston, UK

Great course! Enjoyed the MDT case discussions and plenty of hand-on experience.

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is a UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events / competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- International Medical Summer School
- International Academic and Research Conference
- World University Anatomy Challenge

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
