## Cardiff MRCS Course (BENGALURU, INDIA): Intensive Revision Course for MRCS OSCE

This one-day intensive course was specifically designed for candidates appearing for the MRCS OSCE exam within the next few months. The course was suitable for candidates who had done adequate prior revision and wished to brush-up on the basic sciences that cover the 8 Applied Basic Sciences (anatomy, physiology, pathology and microbiology) station in the OSCE. The course involved a series of short interactive sessions and focused discussion highlighting the 'must know' areas. Candidates were taken through the 'high yield' core topics in Applied Basic Sciences. This one-day course is calculated to be worth a minimum of 30 hours of individual revision.

### Topics covered

- o Basic anatomy
- o Clinical anatomy
- o Applied surgical anatomy
- o General physiological principles
- o General and system specific pathology
- o General microbiology
