

Current Updates in Colorectal Surgery

Feedback - December 2020

Current Updates in Colorectal Surgery

Despite significant scientific developments and technological advances, treatment of colorectal cancers continues to remain a challenge for clinicians. A sound understanding of the pathologies and principles is required when managing complex colorectal conditions. This lecture, delivered by Consultant Laparoscopic, Colorectal and Robotic Surgeon Mr C Selvasekar from the globally acclaimed and reputed Christie Hospital in Manchester, was intended to address the current developments and novel advances in this field. The Christie is the only centre in the UK offering laparoscopic cytoreductive surgery and heated intraperitoneal chemotherapy for suitable patients.

Topics:

- o Laparoscopic Pelvic Lymph Node Dissection
- o Robotic Surgery for Rectal Cancers
- o Managing Pseudomyxoma Peritonei
- o Transanal Total Mesorectal Excision
- o Screening for Colorectal Cancers

Course Information

Venue: Online Teaching Via Zoom

Dates: 16th December 2020

Attendance: 11 Delegates

Aimed at: ST3 and above trainees in general surgery;
ST6 and above trainees in colorectal surgery;
Trainees preparing for FRCS(Gen Surg) exam;
Trainees preparing for MCh (Surg) exam;
Post CCT trainees in colorectal surgery;
Specialists in robotic surgery;
Trainees preparing for European Board exams.

Conference Fee : Free

Faculty List

Speaker

Mr Chelliah R Selvasekar, MBBS, MD, FRCS (Ed, Glas), FRCS Ed (Gen. Surg), PGCert (MedEd), MBA

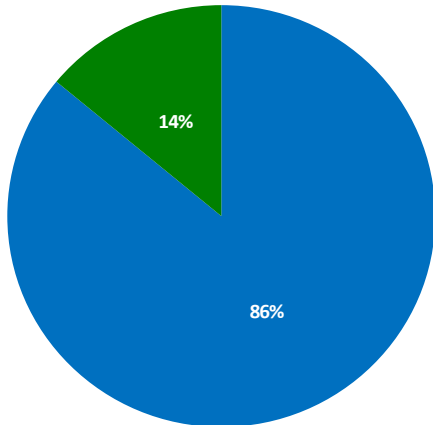

Mr Selvasekar works as a Laparoscopic, Colorectal and Robotic Surgeon at the Christie NHS Foundation Trust. He practices laparoscopic and robotic colorectal surgery for benign and malignant colorectal conditions, and he offers laparoscopic repair for suitable abdominal wall hernias including TEP procedure. He is an accredited screening colonoscopist through the national bowel cancer screening programme and offers regular diagnostic and therapeutic endoscopies. He practices minimally invasive and relatively painless treatment for haemorrhoids including (HALO/THD) and Rafaelo procedure, as well as laparoscopic splenectomy and cholecystectomy.

He trained in the North West region of the UK, and he did a year of advanced colorectal clinical fellowship at the Mayo Clinic, USA to learn comprehensive management of colorectal conditions. He did years of clinical research at University College London on premalignant conditions leading to the title of Doctor of Medicine. He also visited IRCAD Centre in Strasbourg, University of Chicago, St Mary's Hospital and Seoul as a travelling fellow to broaden his clinical and academic experience. .

He is the recent-past convenor of education and Wade Professor of Surgical Studies at the Royal College of Surgeons of Edinburgh, involved in strategic decision making in surgical education. He is an examiner at the Royal College of Surgeons of Edinburgh. He is also a council member for NW and Mersey for the Association of Laparoscopic Surgeons of GB and Ireland and involved in increasing the uptake of minimal access surgery regionally, and an honorary senior lecturer position at the University of Manchester. .

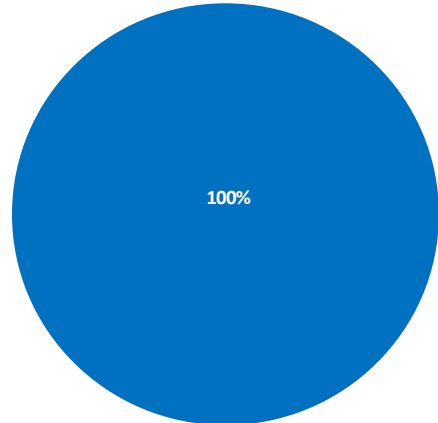

Overall Feedback

How would you rate the appropriateness of the topic to your studies and/or career?

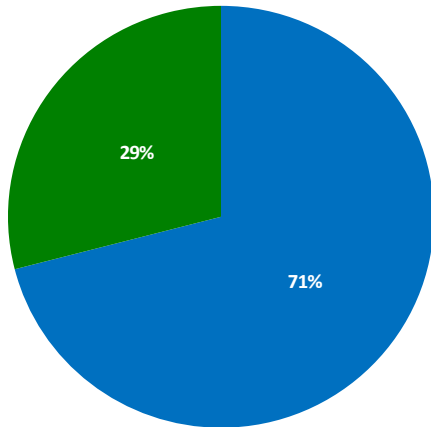

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

How would you rate the expertise of the speaker?

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is a UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events / competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- International Medical Summer School
- International Academic and Research Conference
- World University Anatomy Challenge

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.

Resources for:

- Medical Students
- Dental Students
- International Entrance Exams
- MRCS Exams
- General Surgery Exams
- Plastic Surgery Exams
- DOHNS Exams
