

**Intensive Surgical Anatomy
Revision for MRCS Part B OSCE**

Feedback - April 2017

Intensive Surgical Anatomy Revision for MRCS Part B OSCE

This intensive one-day revision course provided an intense and pertinent revision of all subject areas tested in the MRCS exam to aid in the consolidation of a delegate's core and applied knowledge in anatomy. It also aided the delegate's aptitude to prepare for viva-voce and OSCE stations, with an emphasis on helping delegates deal with viva/OSCE in a systematic manner.

Demonstrations were made using anatomical prosections and cross-sections. Along with small groups tutorials in osteology, topographic and surface anatomy, with the use of radiographs and other relevant imaging to aid understanding.

Course Information

Course date:	27th April 2017
Venue:	Anatomy Department, Manchester Surgical Skills and Simulation Centre, University of Manchester, Manchester, UK
Attendance:	8 Delegates
Aimed at:	Delegates looking to take their membership to the Royal College of Surgeons Part B exam.
Course fee:	£175.00

Course Programme

	0830 - 0930	0930 - 1030
• Thoracic wall/thoracic inlet and outlet, Mediastinum	Group A	Group B
• Brachial plexus, Scapula, Shoulder, Upper Arm	Group B	Group A
• Cubital fossa, forearm, wrist, hand		

1030 – 1045 Break for refreshments

	1045 - 1115	1115 - 1145
• Pleura, lungs, pericardium, heart	Group A	Group B
• Anterior abdominal wall, inguinal ligament and external genitalia	Group B	Group B
	1145 - 1215	1215 - 1245
• Spinal cord and vertebral column	Group B	Group A
• Diaphragm, Solid organs of the abdomen (kidney, liver, gall bladder, spleen, pancreas); Include stomach	Group A	Group B

1245 - 1330 Lunch break

	1330 - 1415	1415 - 1500
• Hollow organs of the abdomen (Duodenum to Rectum)	Group A	Group B
• Skull base	Group B	Group A
• Bony face and soft tissues		
	1500 - 1540	1540 - 1620
• Bony pelvis, hip, femur and thigh	Group A	Group B
• Pelvis and perineum (include anal canal)	Group B	Group A

1620 - 1635 Break for refreshments

	1635 - 1710	1710 - 1745
• The neck	Group A	Group B
• Popliteal fossa, Knee, leg, ankle and foot	Group B	Group A

Overall Teaching Feedback

How was the teaching using prosections and anatomical material?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

How was the clarity of the demonstrations?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

How would you rate the general academic standard of the demonstrators?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

How do you rate the relevance of the course to your exam?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

Head and base of skull

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

Soft tissue of face, orbit and TMJ

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

Overall Teaching Feedback

Neck

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

Brachial plexus, shoulder and arm

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

Forearm and hand

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

Overall Teaching Feedback

Would you recommend this course to a friend?

■ Most certainly ■ Certainly ■ Neutral
■ May consider ■ Don't think so

Do you think that this course provided good value for money?

■ Most certainly ■ Certainly ■ Neutral ■ Probably ■ Don't think so

How were the facilities and venue?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

How were the refreshments and lunch?

■ Excellent ■ Good ■ Neutral ■ Fair ■ Poor

How was the general friendliness of the faculty and organisers?

■ Very Friendly ■ Friendly ■ Neutral
■ Not very Friendly ■ Can't comment

Individual Comments

Good.

SD
Salford Royal, Salford

Excellent and very relevant.

ET
Queen Elizabeth Medical Centre, Birmingham

Very good.

HH
Pinderfields General Hospital, Wakefield

The faculty was exceptional the information was very clear especially the larynx anatomy and base of skull. Mr Datta is a wonderful teacher as well.

LM
University College Hospital, London

Prosections very good for practising anatomy. Excellent tutors.

SM
Craigavon Area Hospital, Craigavon

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is a UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events/ competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- **International Medical Summer School**
Manchester, 31st July to 4th August 2017
- **International Academic and Research Conference**
Manchester, 5th August 2017
- **World University Anatomy Challenge**
Manchester, 4th August 2017

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
