

The Royal College of Surgeons of Edinburgh
Future Surgeons: Key Skills

Feedback - November 2018

The Royal College of Surgeons of Edinburgh Future Surgeons: Key Skills

This one-day course was led by consultants and aimed at junior doctors who wish to pursue a career in surgery. Through the introduction of safe, basic surgical techniques which are common to all surgical practices, the course intended to provide the delegates with a structured programme in order to help them learn basic surgical skills and techniques.

Features and Highlights:

The course was tutored and supervised by consultant surgeons from various disciplines.

It was a practical course with a high tutor-to-participant ratio.

It was delivered using a series of tutor demonstrations and hands-on sessions where participants were able to work on animal tissue.

This was an official course of The Royal College of Surgeons of Edinburgh which was specifically aimed at junior doctors who intend to pursue a career in surgery.

The delegates received a certificate from The Royal College of Surgeons of Edinburgh and from Doctors Academy.

Course Information

Course date:	23rd November 2018
Venue:	Arrowe Park Hospital, Wirral
Attendance:	20 Delegates
Aimed at:	Junior doctors interested in pursuing a career in surgery.
	Senior Medical Students also welcome.
Course fee:	£95.00

Run in partnership with:

Learning Outcomes:

- o To demonstrate safe practice when gowning and gloving.
- o To handle commonly used surgical instruments in a safe and effective manner.
- o To create secure 'Reef' and 'Surgeons' knots.
- o To pick up and safely drive a needle through tissue with accurate bite placement.
- o To perform an interrupted suture close to a wound.
- o To demonstrate the steps for excising a skin lesion under local anaesthesia.
- o To excise a subcutaneous cyst.
- o To drain a superficial abscess.
- o To be able to debride a traumatic wound.
- o To perform basic techniques used for endoscopy.
- o To explain the principles of using safe diathermy.

Course Programme

0830	Registration	
0850	Introduction	Mr Geoffrey Hooper
0900	Gowning and Gloving	Mr Geoffrey Hooper
0940	Handling Instruments	Mr Paul Fisher
1015	Knot-Tying (1) <ul style="list-style-type: none">• Reef knot• Instrument tie	Mr Geoffrey Hooper

1100 - 1115 Refreshment Break

1115	Knot-Tying (2) <ul style="list-style-type: none">• Surgeon knot	Mr Paul Fisher
1200	Suturing <ul style="list-style-type: none">• Needle manipulation• Interrupted sutures• Sub-cuticular absorbable sutures• Assisting• Continuous suture	Mr Geoffrey Hooper

1300 - 1340 Lunch Break

1340	LA Techniques, Skin Lesions & Wound Management <ul style="list-style-type: none">• Skin lesions• Cyst removal• Abscess drainage & excision• Debridement	Mr Venkat Srinivasan Mr Paul Fisher Mr Paul Fisher
1440	Diathermy	Mr Geoffrey Hooper
1510	Laparoscopy Skills <ul style="list-style-type: none">• Hand-eye co-ordination• Polo mints exercise• Sugar cubes exercise	Mr Paul Fisher
1610	Question and Answer Session	All Faculty
1630	Feedback and Close	

Faculty

Course Convenor

Mr Venkat Srinivasan, MBBS, FRCS Ed, FRCS (ORL)

Consultant ENT Surgeon

Arrowe Park Hospital, Wirral

Faculty

Mr Geoffrey Hooper, MMSc, MD, FRCS, FRCS Ed (Orth)

Retired Consultant Orthopaedic Surgeon

Surgical Tutor - Royal College of Surgeons of Edinburgh

Mr Paul Fisher, FRCS

Consultant General Surgeon

Caithness General Hospital, Wick

Assisting

Mr David Cartlidge, MBChB, MRCS

Speciality Doctor in ENT Surgery

Arrowe Park Hospital, Wirral

Mr Richard Siau, MBBS, MRCS

Speciality Registrar in ENT Surgery

Arrowe Park Hospital, Wirral

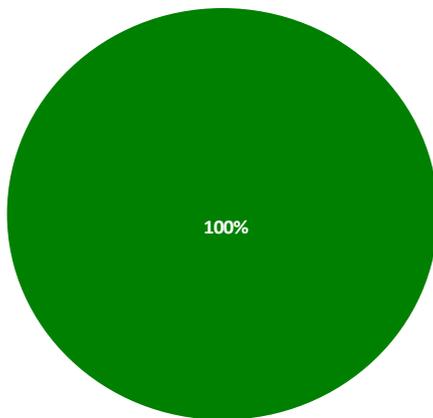

Mr Wai Phyo, MBBS

Speciality Doctor in ENT Surgery

Arrowe Park Hospital, Wirral

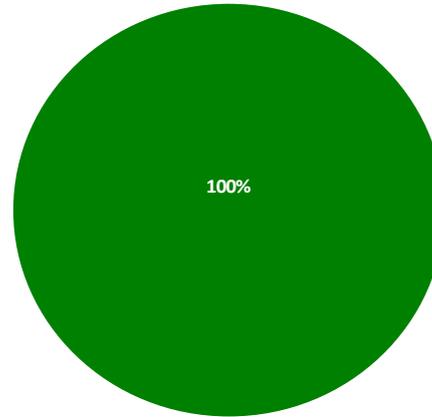

Overall Teaching Feedback

The faculty provided constructive feedback

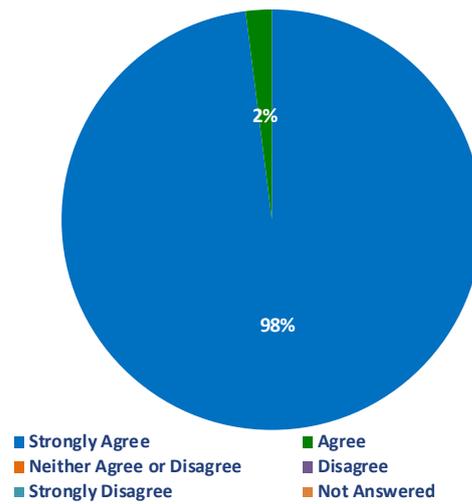

The number of faculty was sufficient to deliver the course

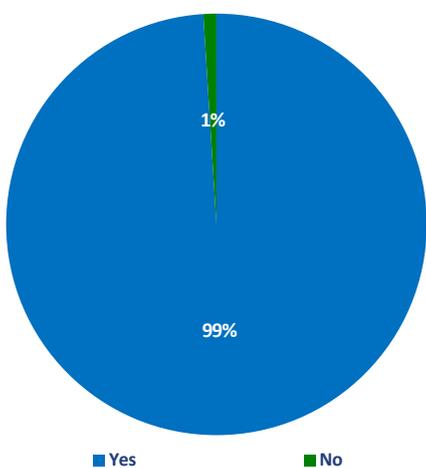

The faculty demonstrated the level of knowledge and skills required to effectively deliver the course

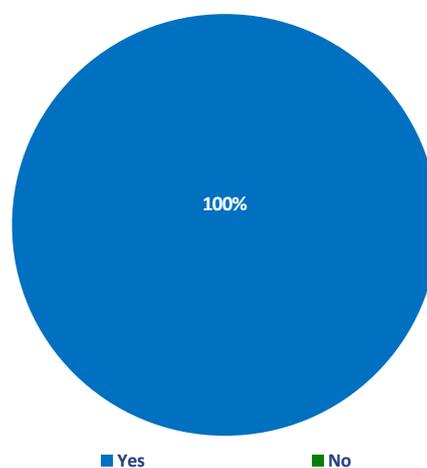

The faculty were approachable and enthusiastic

Will you make changes to your practice as a result of this course?

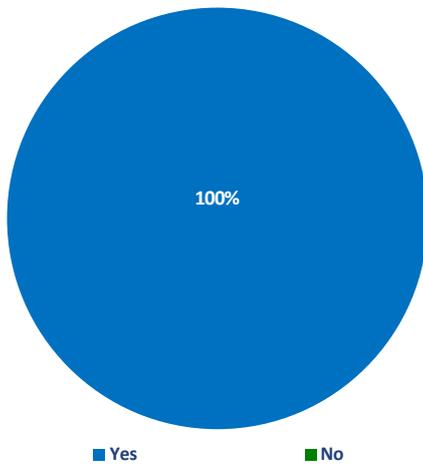

Would you recommend this course to a friend/colleague?

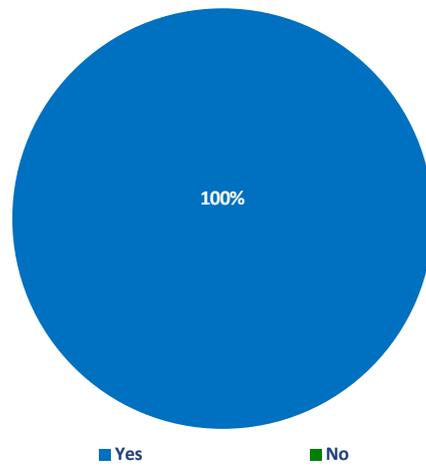

Overall Teaching Feedback

Did the course meet your expectation?

Would you attend another course at this centre?

Individual Comments

- The individual instruction the faculty were giving was excellent and made all the difference in my learning.
- Numbers of faculty, knot tying.
- I really liked all the hands-on workshops, particularly suturing, wound debridement and drainage of an abscess.
- Everything was great.
- Laparoscopy and suturing.

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is a UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events/ competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- International Medical Summer School
- International Academic and Research Conference
- World University Anatomy Challenge

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
