Intensive Preparation for MRCS A**

**Feedback - March 2019**

## Cardiff MRCS Course (BENGALURU, INDIA): Intensive Preparation for MRCS A

From the providers of the highly acclaimed and prestigious Cardiff MRCS Courses in the UK, this intensive preparation course was aimed at surgeons intending to appear for the MRCS A exam in January or April 2019. The course provided the attendee with an overview of basic physiological principles, consolidated the candidate's core and applied surgical knowledge in anatomy and relevant pathology, and provided a focused revision of pertinent topics as tested in the exam. The course took into consideration the recent changes to the MRCS A exam, with more emphasis on basic sciences – especially anatomy.

In the forenoon, the emphasis was on basic and surgically applied anatomy (except head and neck). The afternoon covered head and neck anatomy, autonomic nervous system, spinal cord and lesions, cancer pathology, trauma, burns, principles of surgery and applied surgical sciences.

## Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
