## Doctors Academy Orthopaedic Surgery ST3 Interview Preparation Course

**Feedback - February 2025**

## Doctors Academy Orthopaedic Surgery ST3 Interview Preparation Course

This highly interactive course was intended for those who were preparing for the Orthopaedic Surgery ST3 Interview in 2025. It aimed to help candidates to perform in the interview in an optimal manner and enhance their ability to obtain a National Training Number (NTN) in Orthopaedic Surgery.

The course consisted of a number of small group and individual mock interview stations which focussed on the four areas of which the interview is comprised (clinical; prioritisation; communication; portfolio). A number of mock scenarios were used to allow candidates to practice answering questions in the key areas assessed, such as clinical knowledge, motivation to pursue a career in Orthopaedic Surgery, and the ability to work under pressure.

Candidates had the opportunity to gain constructive, individualised feedback from Senior Orthopaedic Registrars and Consultant Orthopaedic Surgeons.
