2nd Vascular Ultrasound Skills Course for Surgical Trainees

Feedback - February 2022

2nd Vascular Ultrasound Skills Course for Surgical Trainees

This one-day interactive course aimed to enhance the attendee's knowledge and clinical skills related to vascular ultrasound pertinent to day-to-day clinical practice. The morning session consisted of interactive discussions, whilst the afternoon session comprised of five practical stations during which the attendee gained valuable hands-on experience in ultrasound techniques that will be applicable in a clinical setting.

The attendee had opportunity to practise ultrasound skills on patients (simulated or real), as well as to visualise the normal vascular anatomy.
